

KIDS COUNT - a joint project of the Annie E. Casey Foundation and Kansas Action for Children - provides statistical data on the education, health and economic well-being of Kansas children and their families. Utilizing KIDS COUNT, policymakers and community leaders are empowered to make data-driven decisions that will improve the lives of Kansas children and ensure the future prosperity of our state.

KIDS COUNT is made possible in Crawford County through our county partner, The Family Resource Center, Inc.

The Family Resource Center in Pittsburg, Kansas, is celebrating its 12th year and a new community-funded facility is dedicated to providing ALL children and their parents access to quality child care, preschool, adult education and family-related services in one readily accessible location. A result of a collaborative effort of the community's three largest service providers - Mt. Carmel Regional Medical Center, Pittsburg Community Schools and Pittsburg State University - the not-for-profit is home to a variety of family-related services, including a nationally-accredited child care program. With a mission to ensure children are "ready to learn," The Center provides a safe and caring atmosphere that promotes physical, social/emotional and cognitive growth for the more than 300 children enrolled. An additional 5,300 children and adults are served annually through nine related programs, including a community health center, adult education program, and early childhood quality improvement programs. Through its innovative programming, it has impacted the quality of life of individual families, as well as the community as a whole, and is recognized statewide as a model worthy of celebration and replication.
